

PHASE 3: Be creative

A. A night in the museum

1. We are now going to write a story working together.
 - Some hints about the characters, the setting and the plot:
 - Where: the Louvre
 - Who: a night security guard (Alex: main character) walking around the museum at night.
 - What: an ancient curse causes the exhibits to come to life
 - How: start writing after the first sentence of the story, to complete it in a meaningful and imaginative way.

Don't forget:

- The artifacts come alive and you have dialogues with them.
 - Before starting to write, prepare in advance
 - Always read what was written before you.
 - Add your names after your contributions
2. The story will be written on a **Google doc** and bound into an e-book when finished.
